Contract – Biomass Reduction Services

Dated [insert date that last party signed]

Parties

Name	**Parks Victoria**
Address	Level 30, 300 La Trobe Street, Melbourne, Vic, 3000
Short name	**Manager**

Name	[Insert Details]
Short name	**Stock Owner**

Background

A. Biomass reduction in a native grassland context is the intentional or natural decrease of plant matter (such as grass leaves, stems) through methods like grazing, mowing/slashing, bailing or prescribed burning. The purpose of targeted biomass reduction is to support and maintain native biodiversity and vegetation in a given area.

B. Parks Victoria has agreed to appoint the Stock Owner to carry out a strategic stock grazing regime to reduce biomass, coupled with pest plant control programs and other land management works, aimed at ensuring that the current flora diversity and the habitat for grassland dependent fauna is maintained and improved.

1. Definitions

In this Contract, unless the contrary intention appears:

Authorised Officer in the case of a party means a person appointed by that party to act on its behalf under this Contract, and the initial Authorised Officer of each party is set out in item 7 of Schedule 1.

Excess Water Usage Fee means a fee that has been issued or charged to the Manager by a third party such as a water authority for the excess use or consumption of water that is above a certain allowance or threshold.

Fee means the amount set out in item 5 of Schedule 1

Grazing Area means the area described in item 6 of Schedule 1, or as otherwise agreed under clause 6.1.4

Law includes any act, regulation, ordinance or statutory instrument, present or future, and the conditions of any licence or permit or similar instrument issued under a Law and includes all laws, requirements and regulations concerning the health, safety and welfare of people at work.

Manager means Parks Victoria or such party as the Minister for Environment 0or the Secretary to the Department of Energy, Environment and Climate Action may from time to time appoint as manager of the Grazing Area.

Park means the park named in item 3 of Schedule 1.

Parks Victoria means the public authority established under Part 2 of the *Parks Victoria Act 2018* (Vic) and includes, where the context so admits, its Authorised Officers.

Principal means the Manager, the Minister for Environment and the Secretary to the Department of Energy, Environment and Climate Action and includes a successor in law and, where it is consistent with the context, includes their respective authorised delegates, officers, employees and agents.

Services means the services described in item 4 of Schedule 1.

Special Conditions means the special conditions (if any) set out in item 8 of Schedule 1.

Stock means the type and number of livestock described in item 2 of Schedule 1

Stock Owner means the party named in item 1 of Schedule 1 and, where it is consistent with the context includes the Stock Owner's personal representatives, successors and permitted assigns, members, agents, officers, employees, contractors, guests and invitees.

2. Performance of Services and payment of Fee

2.1 This Contract comes into effect and operates from the date it is signed by the parties.

2.2 The Stock Owner must execute the Services in accordance with this Contract.

2.3 In consideration for the Stock Owner providing the Services, the Manager must pay the Stock Owner the Fee.

3. Water and electricity costs

3.1 If the Grazing Area is subject to a piped water scheme (as advised by the Manager), the Manager will pay for the supply of water. In all other circumstances, the Stock Owner will be responsible for arranging and paying for the supply and consumption of water on the Grazing Area.

3.2 In the event the Stock or Stock Owner damages the Manager's water infrastructure or equipment (such as piped water schemes) in a Grazing Area, the Stock Owner will be responsible to the Manager for any loss or damage suffered by the Manager as a result of the damage to the Manager's water infrastructure or equipment.

3.3. Where the Manager has determined that an Excess Water Usage Fee is applicable in a Grazing Area due to the Stock Owner or Stock's activities, the Stock Owner is responsible to pay this fee to the Manager.

4. Acknowledgements

The Stock Owner confirms and acknowledges that:

4.1 no information, representation or warranty by or on behalf of the Manager has been relied upon;

4.2 this Contract constitutes the entire agreement between the parties concerning the Grazing Area and supersedes all previous negotiations and agreements;

4.3 no interest in the Grazing Area is granted to the Stock Owner;

4.4 the Stock Owner cannot assign or deal with this Contract or the rights granted under this Contract in any way; the Stock Owner cannot part with or share possession, use or occupation of the Grazing Area; and

4.5 the Manager has sole discretion to make changes to grazing conditions based on its assessment of land management needs, including changing ecology and research activity.

5. Use of Grazing Area

The Stock Owner must:

5.1 not use the Grazing Area other than for the performance of the Services;

5.2 at its own expense comply on time with all Laws concerning the Services and its use of the Grazing Area;

5.3 comply with all reasonable requests or directions given by the Manager which the Manager considers necessary or desirable for the safety, care or management of the Stock or Grazing Area;

5.4 not carry out any works to or at the Grazing Area (including alterations, additions, earthworks and the installation of equipment or signs) without the Manager's prior written approval;

5.5 not do anything which shall or may be a nuisance or annoyance to the Manager or other persons using the Grazing Area or areas adjacent to the Grazing Area and

5.6 comply with the Supplier Code of Conduct as published on the Buying for Victoria website: https://www.buyingfor.vic.gov.au/supplier-code-conduct as amended from time to time.

6. Grazing Conditions

6.1 **Grazing Area and Stock**

6.1.1 The Manager has the sole discretion to determine from time to time the number type and class of Stock that may be permitted on any part of the Grazing Area. Only the stock type (cattle or sheep) specified in Schedule 1 are permitted on the Grazing Area unless otherwise agreed in writing.

6.1.2 When required by the Manager, the Stock Owner must:

(a) move some or all of the Stock (as required) from one part of the Grazing Area to another part of the Grazing Area or;

(b) remove some or all of the Stock from the Grazing Area (or part thereof)

as soon as practicable and as directed by the Manager.

6.1.3 Without limiting clauses 6.1.1 and 6.1.2, Stock must be excluded from any part of the Grazing Area showing signs of over grazing.

6.1.4 The Manager and Stock Owner may agree in writing to change, add to or reduce the Grazing Area from time to time. If the agreement involves changing or adding to the Grazing Area, a map of these changes or additions must be provided with the agreement.

6.1.5 The Stock Owner must not at any time introduce or allow bulls to be present in the Grazing Area.

6.2 **Environment and vegetation**

6.2.1 The Stock Owner must not apply superphosphate or any other fertiliser to the Grazing Area.

6.2.2 The Stock Owner must report any weed outbreaks that require intervention.

6.2.3 The Stock Owner must undertake weed control within the Grazing Area as specified in Schedule 2 or as otherwise agreed in writing between the Stock Owner and the Manager from time to time.

6.2.4 Without limiting clause 6.2.3, the Stock Owner must not use chemicals for the control of weeds, outside of the conditions and locations specified in Schedule 2, unless:

(c) the prior written consent of the Manager is obtained and

(d) the Stock Owner holds a certificate from the Victorian Farm Chemical Users Course and

(e) if chemicals are used, the Stock Owner must comply with all legal requirements, including any occupational health and safety guidelines, in relation to the use of chemicals. Herbicides used must be in accordance with a Parks Victoria approved herbicide use plan and template provided by Parks Victoria, and copies of all spray records must be kept and provided to Parks Victoria when requested

6.2.5 The Stock Owner must not introduce or cause to be introduced any noxious weeds into the Grazing Area. If the Manager determines (acting reasonably) that the Stock Owner has introduced or caused to be introduced noxious weeds into the Grazing Area, the Stock Owner must clean up and remove the noxious weeds and rehabilitate the Grazing Area if required to the Manager's satisfaction. The Stock Owner is responsible for the cost to clean up and remove the noxious weeds and rehabilitation if required.

6.2.6 The Stock Owner must ensure that Stock entering into the Grazing Area have not at any point in the past two years previously been located at properties, or have previously grazed pastures that contain any of the following weed species: African Lovegrass (*Eragrostis curvula*), Buffel-grass (*Cenchrus ciliaris*), Ward's Weed (*Carrichtera annua*), or any species belonging to the genus *Nassella* (such as Chilean Needle Grass, Cane Needle Grass, Serrated Tussock).

6.2.7 The Stock Owner will not be responsible for pest animal management except as agreed in writing between the Stock Owner and the Manager from time to time.

6.2.8 The Stock Owner must not bring any animal into the Grazing Area other than the Stock or trained working dogs used by the Stock Owner for livestock management, without the Manager's prior written approval. Working dogs entering the Grazing Area must not exhibit any behaviour likely to disturb native fauna or be used for any other purpose than for livestock management.

6.3 **Quarantine and husbandry**

6.3.1 The Stock Owner acknowledges and agrees that the welfare and management of the Stock is the sole responsibility of the Stock Owner.

6.3.2 The Stock Owner must, at its own expense properly and efficiently tend to and care for the Stock to the satisfaction of the Manager.

6.3.3 The Stock Owner is responsible for ensuring that the Stock have access to water at all times and that all water conveying or water storage equipment (including but not limited to tanks, pipes, troughs, trays, tubs) within the Grazing Area are operational and clean at all times.

6.3.4 The Stock Owner must be satisfied that the Stock are weed and pest free when they bring the Stock into the Grazing Area.

6.3.5 The Stock Owner must not allow any dangerous, sick or diseased Stock to graze at the Grazing Area.

6.3.6 If the Stock Owner becomes aware of any Stock becoming dangerous, sick or diseased or likely to become dangerous, sick or diseased, the Stock Owner must immediately notify the Manager and provide the Manager with such information concerning the Stock as may be required. The Manager may then in its absolute discretion require the immediate removal of the Stock from the Grazing Area.

6.3.7 If the Manager becomes aware of any Stock becoming diseased or dangerous or likely to become diseased or dangerous, then:

(a) the Manager must make reasonable efforts to notify the Stock Owner; and

(b) in the event of an emergency, or if the Stock Owner cannot be notified, the Manager will be entitled to call in a veterinary surgeon and all costs incurred will be borne by the Stock Owner or reimbursed to the Manager within seven days of demand.

6.3.8 If as a result of any of the Stock becoming diseased or dangerous, the Stock must be slaughtered, or the Grazing Area cleaned up, placed under quarantine or decontaminated in any way (**Clean Up Exercise**), the Stock Owner must:

(a) observe all directions of, cooperate with and assist the Manager in the Clean Up Exercise including the removal of dead Stock from the Grazing Area; and

(b) be responsible for all costs connected with the Clean Up Exercise and reimburse the Manager for all costs expended by the Manager associated with the Clean Up Exercise.

6.3.9 The Stock Owner must remove any dead Stock from the Grazing Area within 24 hours of being notified by the Manager.

6.3.10 Where relevant and applicable, the Stock Owner must comply with the *Livestock Disease Control Act 1994* (Vic), the *Livestock Disease Control Regulations 2017* (Vic) and the *Catchment and Land Protection Act 1994* (Vic).

6.4 **Supplementary feeding**

The Stock Owner must not carry out any supplementary feeding without the Manager's prior written approval. If approved, only pelleted grain, crushed grain, nutrient blocks, or other feed types containing no viable seed may be provided at agreed locations. No supplementary feeding of hay will be permitted.

6.5 **Lambing or calving**

The Stock Owner must ensure that no lambing or calving occurs without the Manager's prior written approval.

6.6 **Reporting and communication**

6.6.1 The Stock Owner must produce on demand to the Manager, sufficient written evidence of the Stock Owner's ownership of any or all of the Stock.

6.6.2 All Stock movements must be agreed to by the Manager before they occur. Before the Stock are moved, the Stock Owner must provide the Manager with information about the type, stock class and number of Stock to be moved, the paddocks between which they will be moved and the date on which they will be moved. After receiving confirmation from the Manager, the Stock Owner can then move the Stock as approved. The Stock Owner must provide confirmation of the Stock movement to the Manager within 24 hours of the Stock being moved.

6.6.3 The Stock Owner must ensure that they are contactable whilst Stock are in the Grazing Area at all times. If there are any periods whilst Stock are in the Grazing Area that the Stock Owner will be unavailable, unreachable or otherwise unable to be contacted, the Stock Owner must provide the Manager with the contact details of the Stock Owner’s proxy or authorised representative for that period.

6.7 **Access and vehicles**

6.7.1 If to gain access to the Grazing Area the Stock Owner must cross other land under the management or control of the Manager, then:

(a) the Stock Owner must comply with the directions of the Manager in relation to using that land; and

(b) the Stock Owner must ensure there is no interference by the Stock Owner with any other person using that land.

6.7.2 Access to the Stock without vehicles is permitted at all reasonable times. Vehicle access to the Stock is only permitted if:

(a) the vehicle is operated in a way that does not cause damage to the grassland;

(b) the vehicle is operated in accordance with all general laws relating to vehicles and

(c) the vehicle does not introduce new contaminants including diseases, pests, or weed material to the Grazing Area which are not already present in the Grazing Area. If the vehicle has recently travelled to a place where contaminants may be present, the vehicle must be clean and free of soil or debris that may contain contaminants not already present in the Grazing Area.

6.7.3 The Stock Owner must ensure that external gates to the Grazing Area are locked at all times using the Manager's locks. If with prior consent of the Manager, the Stock Owner uses their own locks, then those locks must be linked to the Manager's locks and must not restrict or prevent the Manager's access to or from the Grazing Area at any time.

6.7.4 The Manager is entitled to and will be provided unobstructed access to the Grazing Area 24 hours a day, 7 days a week.

6.8 **Fencing and other infrastructure**

6.8.1 The Stock Owner must immediately notify the Manager as soon as the Stock Owner becomes aware of any defective or damaged infrastructure at the Grazing Area.

6.8.2 The Stock Owner must ensure that all infrastructure (including all fences and gates and water supply infrastructure e.g. tanks and troughs) is maintained, at the Stock Owner's expense, in the same (or better) condition as its condition at the date that the Stock Owner commences the provision of the Services. The Stock Owner must obtain the approval of the Manager before commencing any maintenance work of infrastructure at the Grazing Area.

6.8.3 The Stock Owner must check all fences and gates before Stock enter the Grazing Area. The Stock Owner must ensure that the Grazing Area is properly fenced to ensure that Stock do not stray or escape to any areas adjoining the Grazing Areas and are excluded from those parts of the Grazing Area specified by the Manager from time to time. If the Stock Owner becomes aware that fencing requires repair, the Stock Owner must arrange for its repair in accordance with clauses 6.8.1 and 6.8.2.

6.9 **Works**

6.9.1 The Stock Owner must carry out and complete any works approved by the Manager within the Grazing Area:

(a) promptly and in a proper and workmanlike manner:

(b) in accordance with the specifications and program approved by the Manager;

(c) in compliance with any conditions imposed by the Manager;

(d) using the contractors or tradesmen approved by the Manager; and

(e) in compliance with all Laws and all requirements of authorities;

6.9.2 The Stock Owner must remove from the Grazing Area all unused building materials, equipment and debris as soon as reasonably practicable.

6.9.3 Unless otherwise agreed in writing between the parties, all infrastructure constructed by the Stock Owner by virtue of any works approved by the Manager, shall become the absolute property of the Manager upon completion without any payment of compensation to the Stock Owner and must not be removed by the Stock Owner.

6.9.4 The Stock Owner must not carry out any earthworks or activities involving significant soil disturbance in the Grazing Area without the Managers' prior written approval.

6.10 **Third party contractors**

6.10.1 If the Stock Owner engages a third party to carry out any works, services or other activities for the purposes of meeting its obligations under clause 6 of this Contract, the Stock Owner:

(a) Must obtain the written consent of the Manager before it enters an agreement with the third party;

(b) Remains fully responsible for the acts or omissions of the third party, and must ensure that the third party complies with all terms and conditions of this Contract.

7. Insurance

7.1 Before commencing the performance of the Services, the Stock Owner must at its cost, effect and maintain for the duration of its provision of the Services, with an insurer approved by the Manager, which approval shall not be unreasonably withheld provided the insurer is authorised by the Australian Prudential Regulation Authority to conduct new or renewal insurance business in Australia:

7.1.1 a public liability insurance policy for not less than $20 million (or any greater amount required by the Manager) in respect of any single claim arising out of the activities of the Stock Owner, covering all third party claims arising out of:

(a) loss, including financial loss, destruction or damage to real or personal property and ensuing loss of use of that property; and

(b) death, injury to, or disease of persons, (**Policy**); and

7.1.2 an employers' liability and workers' compensation policy which covers any damage, loss or liability suffered or incurred by any person engaged by the Stock Owner arising:

(a) by virtue of any statute relating to workers' or accident compensation or employers' liability; or

(b) at common law.

7.2 The Stock Owner must effect and maintain the Policy noting the interests of the Principal.

7.3 The Stock Owner must provide the Manager with:

7.3.1 a certificate of currency for the Policy which clearly confirms the requirements of clause 7.2 before commencing the Services and at any other time upon request by the Manager;

7.3.2 a copy of the Policy upon request by the Manager; and

7.3.3 evidence of confirmation of registration with the Victorian WorkCover Authority before commencing the Services and at any other time upon request by the Manager.

7.4 The Stock Owner must promptly notify the Manager if:

7.4.1 an event occurs at the Grazing Area which may give rise to a claim under or prejudice the Policy; or

7.4.2 the Policy is cancelled.

7.5 The Stock Owner must not do anything or allow anything to be done which may prejudice any insurance held in connection with the Stock or Grazing Area.

7.6 The Stock Owner must effect and maintain all other insurances in a manner and to such extent which is reasonable and customary for an organisation engaging in activities of the kind referred to and permitted by this Contract.

8. Termination and extension

8.1 The Stock Owner may suspend services under this Contract at any time, subject to providing at least 14 days written notice to the Manager. A suspension of services does not affect the Contract completion date outlined in Schedule 1 Item 4. The Manager and Stock Owner may agree in writing to resume the services under this Contract at any time. During a suspension of services, the Manager reserves the right to introduce Stock provided by a third party to the Grazing Area until services are resumed under this Contract.

8.2 If the parties agree to suspend services under this Contract under clause 8.1, the Stock Owner must remove the Stock from the Grazing area within the time frame specified in the notice.

8.3 Either the Manager or the Stock Owner may terminate this Contract at any time, by providing at least 14 days written notice to the other.

8.4 If either party terminates the Contract under clause 8.3, the Stock Owner must remove the Stock from the Grazing Area within the time frame specified in the notice.

8.5 The Manager may terminate this Contract by written notice to the Stock Owner at any time for the following reasons:

8.5.1 A default under this Contract;

8.5.2 Disruptive or abusive behaviour towards the Manager or any member of the public.

8.6 If the Manager terminates the Contract under clause 8.5, the Stock Owner must remove the Stock from the Grazing Area within 48 hours of receipt of notice from the Manager.

8.7 If the Stock Owner does not remove the Stock from the Grazing Area within the specified timeframe under clause 8.2, 8.4 or 8.6, the Manager may impound the Stock under the *Impounding of Livestock Act 1994* (Vic).

8.8 Neither party shall be entitled to any compensation in the event that this Contract is suspended or terminated in accordance with clause 8.

8.9 The Manager and the Stock Owner may agree, in writing, to extend the period for the provision of the Services by up to 3 additional periods of 12 months each.

9. Release

9.1 The Stock Owner agrees that it:

9.1.1 has not relied upon any representation by or on behalf of the Manager concerning the Grazing Area or its use;

9.1.2 is aware of all Laws and legal requirements in relation to the Grazing Area and the Services;

9.1.3 uses the Grazing Area at its own risk; and

9.1.4 has inspected the Grazing Area and is of the opinion that the Grazing Area is safe and suitable for the provision of the Services by the Stock Owner.

9.2 The Stock Owner releases the Principal from:

9.2.1 all claims and demands resulting from any accident, damage, death or injury occurring at the Grazing Area or any other area used by the Stock Owner in connection with this Contract; and

9.2.2 all loss, cost, damage, liability or other detriment (whether direct or consequential) suffered or incurred by the Stock Owner,

9.2.3 as a direct or indirect result of the Stock Owner's occupation and use of the Grazing Area, or any other area used by the Stock Owner in connection with this Contract, except to the extent caused or contributed to by the negligence of the Principal.

10. Indemnity

10.1 The Stock Owner indemnifies and agrees to keep indemnified the Principal against all actions, claims, demands, losses, damages, costs and expenses (whether direct or consequential) suffered or incurred by the Principal or for which the Principal may be or become liable concerning:

10.1.1 the default of the Stock Owner under this Contract;

10.1.2 the use of the Grazing Area by the Stock Owner, or any other area used by the Stock Owner in connection with this Contract; or

10.1.3 loss, damage or injury to property or persons or death of any person caused or contributed to by the act, omission, default or negligence of the Stock Owner, except to the extent caused or contributed to by the negligence of the Principal.

11. Miscellaneous

11.1 Any notice or consent to be given under this Contract, may be given by a party or its agent, must be in writing, and given by , email, post or delivery to that party's postal or email address as shown in item 7 of Schedule 1 or to the last known address of that party. A posted letter is taken to be received on the third day after posting.

11.2 Each indemnity in this Contract is a continuing obligation, separate and independent from the other obligations of the Stock Owner and survives expiry or termination of this Contract.

11.3 If there is an inconsistency between a Special Condition and another provision of this Contract, the Special Condition prevails.

11.4 The Stock Owner acknowledges and agrees that the Manager may in its absolute discretion publish this Contract (in whole or in part) in any medium, including the internet.

---

12. Goods and Services Tax

12.1 In this clause words and expressions that are not defined in this Contract but which have a defined meaning in the *A New Tax System (Goods and Services Tax) Act* 1999 (Cth) have the same meaning as in that Act.

12.2 The consideration payable by any party under this Contract is the GST exclusive amount of the taxable supply for which payment is to be made. A party liable to pay for a taxable supply in connection with this Contract must also pay, at the same time and in the same manner as

the consideration, the amount of any GST payable in respect of the taxable supply, subject to receipt of a tax invoice.

12.3 Where this Contract requires a party (**first party**) to pay, reimburse or contribute to an amount paid or payable by the other party (**other party**) in respect of an acquisition from, or a transaction with a third party for which the other party is entitled to claim an input tax credit, the amount for payment, reimbursement or contribution will be the GST exclusive value of the acquisition by the other party plus any GST payable in respect of the other party's recovery from the first party.
